DREXEL RUNS 85 YARDS TO AID HI WIN

By Cliff Garvin

Playing one of its most consistent games of the season, the Richmond high school grid team downed the invading Alameda Hornets by a 6-0 score on the K. U. H. S. field yesterday afternoon. Although the Hornets fought back desperately the result was never in doubt throughout the entire encounter, as the local prep had them outclassed in every department of the game.

Drexel Nets Lone Score

After much hard playing on both sides during the first and second quarters, Drexel, playing his last season at tackle for the Red and Blue, seized a partially blocked pass which plumped into his arms on his own fifteen yard line, and raced down the field with the entire Alameda team at his heels, for the lone touchdown of the game. This was one of the most sensational runs of the season, and was an especially inspiring one, as Drexel, a hard hitting line-man, is scarcely built for speed and the foot racing endurance that permitted him to outstrip fleet footed Alameda backs for a total of 85 yards over the goal line for the lone score.

FORD TRYING TO GIVE MEN LIVING WAGE

DETROIT, Sept. 29.—UP—Henry Ford is more concerned with giving his workers a living wage than he is with the N.R.A. code of the threat of spreading strikes in his numerous automobile plants.

The motor magnate, who has been the center of the code controversy for many weeks, feels that once he works out the wage problem, the threatened unrest which has appeared in two of his Eastern plants, will be dissipated.

An official source close to Ford explained the manufacturer's viewpoint today to the United Press.

"Hourly and weekly wages or working hours," the officials said, "do not always constitute living wages. A living wage is determined by what a man makes from January to December, a steady income which is sufficient to provide for himself and family."

He (Ford) would like nothing better than to have all of his plants operating full time and to capacity. He does not feel that the strike situation is serious. He does not want to close down his plants as was the case at Chester, Pa., but there was nothing left for him to do.

"The strikers were on the front assembly line and when they left production was halted. He was forced to close."

Ford officials here blamed strikers for causing the trouble.

SENATORS WILL WIN SERIES IS SCRIBE REPORT

By JACK CUDDY

NEW YORK, Sept. 29.—UP—Washington should win the World Series, beating the New York Giants 4 games to 2.

After analyzing the two clubs from all angles, we are convinced that the classics will be hard fought because it matches two spirited fighting teams, but it seems physically impossible for the Giants to eke 4 out of 7 games from Joe Cronin's beautifully balanced Senators.

The element of chance looms big in every ball game and in every series, but we see no reason why Sally Fortune should not display her bridge work just as readily for the best hitting and best fielding club in the American circuit as for the Giants who occupy fifth place in batting and third place in fielding in their league.

Only on the mound and behind the plate do the Giants have an edge over Washington and that edge is slight. The Senators are slightly superior in the outfield and have a distinct advantage in the infield—particularly because of the uncertainty at New York's third base.

Carl Hubbell may win one game for the Giants and a combination of other New York pitchers may achieve a second victory. Other than that we can visualize no additional for the Terrymen.

New York admirers believe that Bill Terry's pitchers will carry the club to victory. It must be emphasized however, that the Senators also have a brilliant mound staff—a staff that won over seven other clubs whose general batting average is .271, while the Giant flingers were opposed to seven clubs averaging .266.

Lou Gehrig Claims Bride at Ceremony

NEW ROCHELLE, N. Y., Sept. 29.—UP—Henry "Lou" Gehrig, slugging first baseman of the New York Yankees was married at his mother's home here today to Miss Eleanor Grace Twitchell, Chicago.

The bride gave her age as 27, three years younger than Gehrig. The ceremony was held in such secrecy that even some of Gehrig's teammates were ignorant of it even after Gehrig took his place in the lineup at the Yankee stadium against the Washington Senators.

The DAILY WASHINGTON MERRY GO ROUND

Among them are: Dwight Hooper, Beas Goodykoontz, G. F. Zook and Antoinette Funk. All important executives. Compare the list of those who accompanied Admiral Byrd on his last polar expedition with those who are going this time. Hardly anyone is duplicating. Russell Owen, New York Times correspondent has the story, but has signed a contract to hold off writing it for two years. Richard Washburn Child, Harding ambassador to Italy, is gunning for a job as collector of bad foreign bonds. Bald-headed Billy Bullitt, assistant to Secretary Hull, has been sidetracked. Hull is having nothing to do with him. He was appointed by F. D. R. without Hull knowing about it. Hull is now his own secretary of state.

Rumors about Roosevelt's health are flying fast and loose in New York these days, especially in his business circles. It is a recurrence of the whispering campaign that preceded the election last fall. Such rumors circulate around any president, but they are more numerous now and less correct than usual. Another tip was that General Johnson had handed in his resignation; therefore sell short immediately. The Department of Agriculture has dug up from Federal Trade Commission records all the dirt on the packers—Wallace intends to fight the packers to a fare-you-well.

Inside dope is that when Roosevelt recognizes Russia—which will be soon—he will require a claims convention to settle damages of American citizens whose property was seized. This is what we got from Germany after the war, from Mexico after the revolution—Only trouble is Russia has a lot of claims against us for the Archangel and Siberia expeditions—Litigation will drag out forever—Pat Hurley, ex-War Secretary, is doing a little lobbying on the side. LAGUARDIA COHORTS

Farm belt Progressive leaders are ready to take up the cudgels for their old Manhattan friend and fellow-warrior, Mayor Fiorello LaGuardia. Senators Norris, La Follette, and Frazier have sent word to the Fusion majority candidate that they will take the stump "on the sidewalks of New York" for him. They offer him a dual purpose; they are anxious not only to help LaGuardia win, but by their public support to rebuke the Roosevelt administration for secretly maneuvering to bring out another candidate against him. Secretary Acheson is taking his vacation by sending away as many of his assistants as possible. For years "The Interior Chief, himself, had only one day's sursance from his desk this summer, and that was when he went to Hyde Park to confer with the President.

To date there are 1,694 building and loan associations, savings banks, and insurance companies holding memberships in the Federal Home Loan Bank System.

Inland waterway advocates are complaining privately about the administration's "partiality" toward the railroads. They charge that the carriers have influenced the administration against river traffic development. Minnesota's Farmer-Laborite Senator Henrik Shipstead is particularly vocal on the subject. Dr. Fred Howe, consumers' counsel of the Agricultural Adjustment Administration, is working on legislation that would set up pure food regulations in the manufacture of bread. Howe contends that other food industries have such standards, but the only gauge on bread is the unrelatable one of taste. Supreme Court Justice Louis D. VENGEANCE

Confidential word in inner Republican circles is that Hoover forces in California under the personal leadership of the ex-President, already are in the field against doughty Hiram Johnson. They are reported to have secretly set up an organization in every southern California district. Johnson comes up for re-election next year, and Republican leaders say it is Hoover's greatest ambition to defeat the man who twice carried the state against him. (The first time in 1920, when both were candidates for the Republican Presidential nomination.) Experts of the Agricultural Adjustment Administration say privately that there is no such thing as domestic overproduction of milk. The reason for a surplus, they say, is due solely to underconsumption caused by widespread unemployment.

STANFORD UNIVERSITY, Sept. 29.—UP—Tiny Thorburn's comparatively untitled Stanford football team takes in its first conference game Saturday when the team plays the U. C. L. A. eleven plays here.

The Indians showed well in defeating San Jose State 27 to 0 last week, but the Stanford don't rate with the Bruins in power.

Stanford, in action this week, showed a splendid defense, but a ragged offense.

The Indians who held to straight football against San Jose State, are prepared to open up against U. C. L. A. The Bruins, with a spectacular passing attack, are expected to come right back with more "wide open" football.

Rolph Is Asked to Face Court

SAN FRANCISCO, Sept. 29.—UP—Invitations for Gov. James Rolph Jr. and State Senator J. M. Inman to testify before a federal grand jury regarding an asserted tubercular cattle "racket" were issued today by U. S. Attorney Henry McPike.

The hearing will be held Thursday. Thirty persons are under subpoena.

The investigation covers Marin, San Joaquin and Alameda counties. It was said. Diseased cattle allegedly were driven into quarantine areas from other districts and slaughtered for federal compensation.

14 Arrested For Leading Strike

STOCKTON, Calif., Sept. 29.—UP—Fourteen persons accused of leading a strike of grape pickers in the Lodi region were placed in the county jail here today. Nine were accused of conspiring to obstruct the law, and five were accused of trespassing.

One hundred deputies patrolling the strike area reported no indications of violence.

NEW YORK INSIDE OUT

By DON O'MALLEY

NEW YORK, Sept. 29.—The world's foremost exponent of the "bird" or "Phony cheer," as we call it hereabouts, is Master Joe Venuti, the ban leader with the trick fiddle. Joe's "bird" is so sensational that it once halted Strangler Lewis in the middle of one of his Madison Square Garden fights. It echoed and reechoed throughout the arena and the crowds cheered it to the skies.

Well, the news got around to a motion picture executive. He forthwith invited Joe and his cheer to come over to the studio and placed the fiddler in front of a live microphone.

"Give it the bird, Joe," he instructed. Venuti could hardly resist. He shut a razzberry down the throat of the "bird" a ten-minute razzberry that never once lost its strength or volume.

That Bronx cheer was cut up into twenty different pieces and filed away in the film library for future use.

In short, whenever you heard a "bird" on the screen you're listening to part of Joe Venuti's sibilant effort, doubling for the sound.

And that, boys and girls, is a true story.

Pet Peeves

Harlem "chick joint." Those street-salesmen who sell you two of the country's leading magazines, but who failed to announce that the copies are over a year old. Ladies who spend a week in the South and return North with an incurable "how yo' all." People who take those underslung Dachshunds for walks on the hot city pavements. Radio announcers who spell their products letter by letter. Radio announcers. Six o'clock subway rides.

in summertime. Does who whistles during a mystery play. "Oh, I've seen this before. The butler murdered him." Strapping young fellows who "race" aged grandmothers in the street cars and grab the seat with a smile of triumph. Those phony chorus routines in burlesque shows. And columnists who violate the old journalistic maxim: "Never use your column as an outlet for personal venom."

Dancing In The Light

In the winter Tin Pan Alley send out hundreds of hot tunes and handmasters bounce upon the eagerly, because they realize the winter is the season for cocktail and cocktails promote considerably "they nonny nonny." Where cocktail is served the dance must be correspondingly lively.

In the summer the slower themes are in order. For instance this summer the leaders in the song field were "Lazybones," "Blissful," and the "Shadow Waltz." All of them with tempos as fast as a funeral dirge. Easy to understand. Looky, Beer is the favorite drink in summer and beer gardens are flourishing with hearty trade. Beer brings on quiet, philosophic, heavy mood. You could hardly say without losing your head and blushing that beer makes one peppy. It brings on a lassitude and hence the reason for the slow, heavy, adaptable to the waltz.

In the springtime the Allegheny lightly turns to gingery romances. Not to classical, not slushy, but bright and fast. Drifting in a bit point when the is full of the leafy fragrance, budding things and every woman is romantic. Our spirits naturally buoyant and ardent stimulation isn't necessary. We feel swell and hence the swiftest little thimble that emanates from the Alley along about that time.

And so you see how temperate music, dancing and the weather hand in hand throughout the year. Except that so far we can't tell whether the autumn has any personality.

HOW IT BEGAN

By Paul F. Berdanier

A HEARSE
EARLY ENGLISH BURIAL PARAPHERNALIA INCLUDED A FRAMEWORK TO SUPPORT CANDLES AT THE BIER. BECAUSE THIS CANDLE SUPPORT LOOKED SOMEWHAT LIKE A HARROW IT WAS CALLED A "HEARSE" (FRENCH FOR HARROW). LATER SHAKESPEARE USED "HEARSE" FOR A COFFIN OR A TOMB. FROM THIS BEGINNING THE WORD CHANGED MEANING UNTIL TODAY IT MEANS THE CONVEYANCE THAT CARRIES THE COFFIN TO THE TOMB.

Rotarians At Luncheon Have Good Program

Members of the Richmond Rotary club yesterday enjoyed one of the finest programs in its history.

Dr. Harry Ford and Charles S. Renwick were chairman of the day.

Dr. Langley Porter, famous physician, Miss Marie Vogel, San Francisco opera star and "Pop" Fromme were the stars of the day. Emil Esola played several selections.

Dr. Porter told of the work of the health officers of the nation and said that we Americans are living in a lucky country and in a lucky time in which almost daily advances are being made in curative and preventative medicine to make life longer and more enjoyable.

He reminded his audience that within the past five or ten years diseases that before those periods were almost always deadly are now understood that life is prolonged under comfortable circumstances.

On next Friday it was announced that the program will be put on by a committee composed of J. E. Galvin, Harry Grady, and Walter Trull with Dr. Harold H. Cozen, widely known amateur snake hunter, sneaking on the subject "Snakes That I Have Met" and with a group of San Francisco Italian artists will be heard with the Lions orchestra and a real Italian feed will be served.

CONSTRUCTION OF DAM WILL AID JOBLESS

PORTLAND, Ore., Sept. 29.—UP.—With an impromptu civic parade today, Portland welcomed news that the \$31,000,000 Bonneville dam on the lower Columbia river was placed officially on the public works program.

Administrator Harold L. Ickes announced today an allotment of \$20,000,000 will be available for immediate use. Delays which had threatened the project were swept aside this week following conferences between Senator Charles L. McNary, Rep. C. H. Martin and President Roosevelt. The President ordered it placed on the public works list.

The project calls for employment of 17,000 men, with from 300 to 500 put to work within 45 days. The installation authorized covers six power units and two completed 45,000-kilowatt units and navigation locks. Engineers estimate from two to three years will be necessary to complete the project, the second large dam to be built by the Federal government on the Columbia river. Grand Coulee dam, several hundred miles upstream, has an estimated cost of \$63,000,000. Preliminary work already is underway at the Coulee damsite.

On next Friday it was announced that the program will be put on by a committee composed of J. E. Galvin, Harry Grady, and Walter Trull with Dr. Harold H. WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of vim and vigor. For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your discomfort is your liver. It should pour out two pounds of bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just sits in the bowels, gas builds up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware of substitutes. 25c at drug stores. © 1931 C. M. Co.

It's Easy to Play

We speak of the role of parenthood, and in a sense it is like a part in a play. If parents could learn to see themselves in this light, they would accomplish much more in dealing with their children. Their approach then would be creative, and more in keeping with childhood nature.

An observant parent knows that her child finds play a natural and pleasant form of expression. Instead of saying, "You must do as I say," therefore, she will think of some way to make it possible for him to play while conforming to her wish.

Play and Obedience

Parents need to be resource

ful. Let's suppose that a mother and her children are coming home from a walk. They have walked twice the distance which they set out to, and are tired. The mother is leaning on her hand; another is leaning on her mother for support and the third is whimpering and on the verge of tears. There is still a quarter of a mile to go. The mother says, "Well, call it halt and say, 'Let's play a game.' Let's pretend that we're an army and not a straggling, weary army. We're an army coming home. We're an army coming home, even if we are tired. We march along in step and we sing songs. Ready? Forward. March!" The child may be too tired to obey, but he is never too tired to play. He goes on even with the youngest child.

A Cookery Hint

Receipts often give, among other ingredients, "half a cup of butter." This is not difficult to gauge if you measure it in the following way. Half fill a cup with water and the drop in the butter until the water rises to the top of the cup. Drain off the water and you will then have the amount of butter required.

To Turn Out a Jell

It is so tiresome when breaks up as it is being turned out of its mould, and it always seems to happen when there are visitors! This trouble can be prevented easily if, just before turning out the jelly, a hot cloth is wrapped round the outside of the mould for a moment or two. The jelly will then come out whole without any trouble.

ON THE whole we should be very grateful that we lead busy useful lives, and if we do surely there is some way we can make them so. The world has had a pretty severe lesson, during the passed four years of idleness.

FORD TRYING TO GIVE MEN LIVING WAGE

(Continued from page 1)
at Chester and at Edgewater. N. J. at the latter plant, 511 employees were dismissed today when they failed to report for work.

The official emphasized that Ford does not want to close down his plants but would be forced to do so by strike agitators.

In his efforts to provide a living wage, Ford has announced he would return to a five-day, 40-hour week, with an occasional two or three days "vacation" to meet the spirit of the NRA code, which so far he has refused to sign.

Previously he had announced a 32-hour week but later reversed this decision, explaining that workers receiving only 50 cents an hour for unskilled labor would not receive a living wage on this basis.

Asked if Ford would receive Senator Robert F. Wagner, chairman of the National Labor Board who had announced at Washington he would communicate with the motor manufacturer in an effort to reopen the Chester plant, the official said:

"I'm sure he would be glad to talk with Senator Wagner. However, no communication has been received."

The Eastern labor unrest was not apparent at Ford's main River Rouge plant today. Great billows of smoke rose from the huge stacks and workmen were busy along the assembly line where production moved ceaselessly in the methodical Ford manner.

JURY STUDIES FATE OF 6 IN KIDNAP PLOT

EDWARDSVILLE, Ill., Sept. 29.—UP—A jury, weighing evidence against five men and a woman, charged with abducting August Luer, 77 year old Alton, Ill., banker and meat packer, remained tonight locked in a jury room, seeking to decide the fate of the defendants.

More than 100 persons, hopeful of being present when the jury reached its verdict, remained in the Madison county circuit courtroom throughout the day.

A stir was caused in the courtroom today when the jury, which received the case at 4:40 p. m. yesterday, asked for a memorandum giving the ages of the defendants.

The request led court attaches to believe that the jury was near a verdict. Court attaches said that under Illinois law it was necessary to include the age of defendants in verdicts involving prison sentence, but was not necessary for a verdict of death. Speculation, however, died down as hours sped by without further word from the jury.

In the meantime, the defendants—Mrs. Lillian Chesson, her husband Charles, Percy Michael Fitzgerald, Mike Musiala, Randolph Eugene Norvel and Christ Nicola Gitchco—were held in the Madison county jail under heavy guard.

Three prosecuting attorneys, before the case was given to the jury, demanded that the death penalty be inflicted.

Dempsey Pull At Box Office Demonstrated

LOS ANGELES, Sept. 29.—UP—Jack Dempsey's "pull" at the box office was aptly exemplified when he recently toured a number of small fight clubs in southern California.

The usual "take" at these clubs runs between \$200 and \$300. Here's what happened when the Manassa Mauler appeared as referee:

Pasadena—\$1300; Wilmington—\$1700; San Bernardino—\$1500; Pico—\$1100; Bakersfield \$1650.

Dempsey collected 50 percent of the receipts.

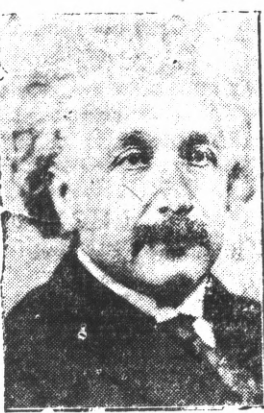

Mrs. Dempsey, the former Hanna Williams of musical comedy fame, goes along on these horntormenting trips. Both shake hands with all the paying customers and sign autographs.

The former champion took to the small towns shortly after his return from New York where he promoted the Max Baer - Max Schmeling fight. After paying his bills, he purportedly had nothing left of the \$200,000 he collected from Manhattan fans.

Asked how he was standing the depression, he smiled and nodded his head in the direction of a stack of offers from small fight clubs, piled high on his desk.

"Quite well, thank you," he says.

Bear Ramblers Are Defeated By Field Goal

STOCKTON, Sept. 29.—UP—College of the Pacific gridders defeated the University of California Ramblers 3 to 0 here tonight.

Hamilton, a slender halfback, kicked a 37 yard field goal to score three points and win.

Although outwitted and outmaneuvered by the Golden Bear varsity, the college players uncorked an aerial game that time and again threatened to score.

Pacific completed 14 out of 28 passes, Hamilton saved the game, in addition to winning it. His punts to the coffin corner kept the Bears in their own territory much of the game.

THOUSANDS MARCH IN NRA PARADE

Workers from all stages of industry and merchandising rallied to the standard of the NRA last night at Oakland in one of the largest parades ever held in that city.

At 7:30 the parade promptly started its march and at long past ten o'clock the marchers were still passing the reviewing stand in a burst of enthusiasm that out-rivalled the Armistice Day celebration staged in 1918.

Prediction of chamber of commerce officials that 30,000 would participate in the parade were topped beyond all expectations. Thousands crowded the streets to cheer the marchers.

In the line of march were a number of Richmond persons, who participated with eastbay lodges in the big parade.

Streets were decorated with gay bunting and flags, the blue eagle of the NRA predominating in the color scheme.

Stores were decorated: lights and searchlights gleamed while in the line of march, workers armed with banners, floats carrying beautiful girls and symbols of the city's belief in the power of the NRA, passed in review.

In the line of march were military units, high school reserve officers corps and lodges ranging from junior organizations to mammoth orders.

Over the parades, fireworks were exploded in a dazzling array that put the Fourth of July spectacle to shame.

The marchers were led by Oakland police and the band of the 159th Regiment of Infantry, C. N. G. followed by Oakland city officials and NRA leaders.

All Oakland showed its support of President Roosevelt and his recovery program in this gigantic effort.

\$1,000 Stake Finals at Dog Track Tonight

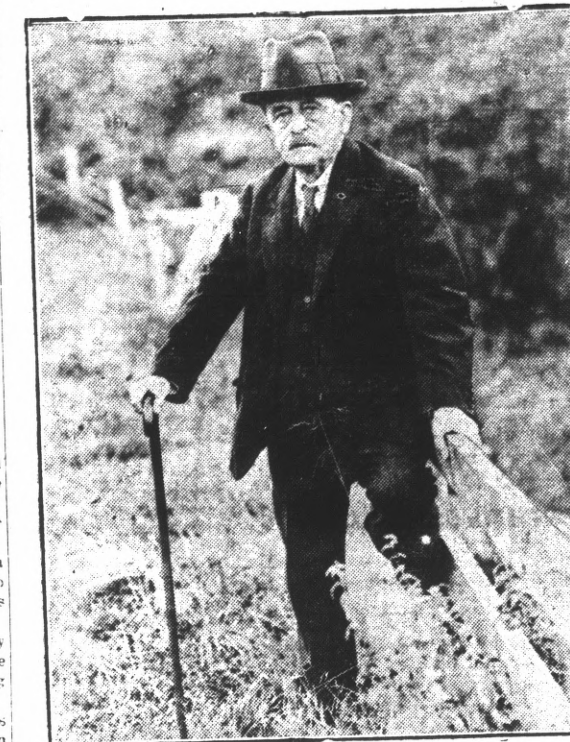

Special bus and boat service is being inaugurated to El Cerrito Kennel club track, with the Southern Pacific company tonight starting an 11:30 boat service from Berkeley pier for San Francisco fans. It will be known as a "Greyhound Special." Heretofore boats have operated on an hourly schedule at nights.

Beginning Monday Greyhound buses will operate nightly between Fifth and Mission streets, San Francisco, and El Cerrito track, with a 35-cent refund made by El Cerrito Kennel club on a 75-cent round trip ticket. The refund will be made at the track, making the round trip only 40 cents.

No. 9 box, without a winner for twenty-one races, came in with a rush Friday night to thrill El Cerrito fans. Susie Warrior returned \$43 in the first Rainy Day \$32 in the second and Miss Broomstick \$18.20 in the third. All ran from No. 9 box.

Tonight El Cerrito stages a heavy program, topped by the finals of the \$1,000 stake in which six classy dogs run.

Reductions Of Salaries Are Decided Legal

SACRAMENTO, Sept. 29.—UP—County charters are legal in providing salary reductions for county officials, the third district appellate court ruled today.

"Constitutional power to decrease salaries is firmly established," the court held in denying Harry Hall, Sacramento county clerk, a petition for a writ of mandate compelling the county auditor to pay him \$321.50 a month instead of \$230.32.

In another case J. H. McPherson, assistant district attorney of Butte county was granted a writ of mandate restoring his salary, on grounds the Butte county supervisors made the reduction by resolution instead of by an ordinance as required by the charter.

WAKE UP YOUR LIVER BILE—WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of funniness.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. The bloats up your stomach. You have a thick, bad taste and your breath is foul, thick, bad taste and your breath is foul, thick, bad taste and your breath is foul.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Repeat a sublingual, 25¢ at all stores. © 1931 C. M. Co.

guilty verdicts particularly against Bates, Bailey and the Shannons. The prosecutor denounced the "scourge" of kidnapping. He said Bailey was at the Shannon farm as "a guard" and should be convicted. He attacked the plea of the three Shannons that they were forced to take part in the crime.

Despite objections of defense counsel, Hyde cited Bailey's memorial day escape from the Kansas prison and the charge against him in connection with the Kansas City Union station massacre.

Judge Vaughn dealt a blow to the plea of the three Shannons, R. G., his wife and son Armon, that they were forced to guard the captive millionaire. Judge Vaughn said their excuses "do not constitute a defense of law."

Don't Take Pills For Constipation

Ordinary pills taken to relieve constipation merely force a movement of the bowels without making the bowels themselves healthy. That's why the trouble returns in a day or two and you have to swallow more pills.

What every constipated person needs is a good liver tonic like Plantax to thoroughly cleanse the digestive system of all foul accumulations and at the same time restore the normal lazy liver to proper working order. When this is done you will no longer have frequent headaches, constipated bowels, yellow skin, sour stomach, gas, bilious attacks or other troubles of constipation and liver trouble.

Plantax is made from the juices of harmless medicinal plants—your own remedies—that set in a mild, easy way without weakening or irritating the system. Try it tonight. Leave bottle in at any good drug store.
